

Custom Deck Design Planner

We'll design your deck idea from a sketch or detailed plan. Complete this deck planner and we'll give you a materials list and quote. Submit your worksheet to a Parr Deck Tools professional at your nearest location.

Name: _____

Address: _____

Phone: _____ Email: _____

Give a brief description of what kind of deck you would like.

(big, small, high, low, rail, no rail, stairs, no stairs, etc.)

My deck project is:

- On somewhat level terrain
- On sloping terrain
- On irregular terrain
- A new deck. There is no deck structure currently in this area.
- An addition to a current deck structure.
- A deck replacement. A replacement deck of the same size and shape.
- I plan to build the deck myself.
- I plan to hire a contractor to build the deck.

I need room for:

- A small table and 2 chairs
 - A table and 4 to 6 chairs
 - A table plus chaise lounge(s) or other deck furniture
 - Potted plants / planters
 - Hot tub - size: _____
 - Other _____
-

Please check those that apply:

- Multi-level deck
- Rail system: Wood Metal Glass panel Cable
- Bench seating
- Built-in planter boxes
- Special decking patterns (angled, mitered border)
- Deck lights
- Decorative post caps

I prefer (choose one):

Natural wood surface: Cedar Treated Redwood IPE Other

Manufactured decking: TimberTech Trex Azek Other

Other decking: _____

This is a sample of the information we will need to complete your deck design. Sketch your deck on page 4 of this guide using similar detail or attach your deck plan here. Sketch the back of your house as accurately as possible noting features like window and door locations, hose bibs, air conditioners, etc. Outline the new deck adding as much detail as possible similar to the sample below.*

Sketch your deck here with as much detail as possible.
